

Novartis Gene Therapies Summer Intern Program

12 weeks

9 skills areas

Program Overview

Novartis GTX's Internship Program blends real-world experience with an extensive overview of the pharmaceutical industry. Knowledgeable managers will provide guidance for interns as they gain professional hands-on experience and learn how to apply their skills to a future career at Novartis GTX.

What we offer:

- Paid internships at Novartis GTX's U.S. locations
- Robust and impactful project assignments
- Networking and exposure to senior leaders
- Real-world experience at a world-class pharmaceutical company
- Novartis GTX-sponsored networking and team-building events

Housing Accommodation

We provide housing allowance to interns that lives 50 miles from Novartis GTX locations.

Requirements:

- Must be authorized to work in the U.S.
- Must be available full time (40 hours per week) for a minimum of 12 weeks during the summer
- Minimum GPA 3.0 or higher
- Undergraduate student with at least two years of university studies completed prior to internship
- Returning to university for at least one semester post-internship
- Ability to thrive in a diverse and ever-changing environment
- Excellent communication and leadership skills

*Additional requirements such as major and skillset will be outlined in the internship job description.
